D.P. & T. ENJOYS THE BEST YEAR SINCE ITS INAUGURATION

Surplus Earnings For 1912 Amounted to \$851,759.29 Meeting Would Not Support C.W. Moodie Against the Directors.

NOTHING ABOUT H.G. & B.

Shareholders Expressed Their Appreciation of John Patterson's Services and Will Join in Memorial Scheme.

The annual meeting of the Dominion Power and Transmission Company, Limited, passed off Monday morning without any important discussion being engaged in. The meeting was held at the company's offices and almost every shareholder was present. The financial statement was encouraging, showing a balance on hand from 1912 of \$1,005,715.14, while the balance from 1911 business was \$764,605.29. The surplus earnings of the company were \$851,759.29.

During the meeting there was some discussion on the high cost of action brought by C. W. Moodie against the directors to prevent them from manipulating the common stock for purposes which he claimed were for the benefit of the directors and not for the shareholders. After some discussion, C. S. Wilcox moved and T. H. Crerar seconded a resolution to the effect that Mr. Moodie's action be not supported by the meeting as it tended to place a wrong impression on the company's affairs and might depreciate the securities.

Mr. Moodie, in reply, wanted to

Two Rinks From the Detroit Club Play Two Grimsby Rinks on Wednesday Night Last. Grimsby Won by 4 Points.

GIVEN A BANQUET

After the Game a Light Banquet Was Served at the Village Inn--Detroiters Were Well Pleased With Their Reception in Grimsby.

On Wednesday evening last, two rinks from the Detroit Curling Club dropped in on the Grimsby Curling Club for a friendly game.

The ice was keen and the game fast, many brilliant shots being made by both clubs.

The games were both interesting and close, the Grimsby club winning out by four points.

Conservative Association To Meet

The annual meeting of the Liberal Conservative Association of the Electoral District of Lincoln will be held on Saturday, March 1st next, when officials will be elected and general business transacted. A meeting of the Executive held on Saturday last it was decided that the meeting should be held in the Masonic Temple, (ground floor), Ontario street, St. Catharines. In addition to addresses from the local members of the Dominion and Provincial Parliament, the executive is endeavouring to have some of the Cabinet Ministers speak.

PAYS 13 PER CENT BACK DIVIDENDS

On Saturday the D. P. & T. Co. Paid Its Stockholders 13 Per Cent Back Dividends. Some of the Stockholders Want Interest.

MAKING IMPROVEMENTS

The H. G. & B. are Making Some Improvements on its Line But They Are Minor Affairs. Cars Painted But Would Freeze a Man to Death.

The Dominion Power and Transmission Company paid two back dividends of six and seven per cent, respectively Saturday morning. The dividends were due on December 31, 1909 and July 1, 1910. There are still two dividends in arrears and the holders of the preference stock which the payment concerns are not any too well pleased. One of the stockholders stated this morning that the company should have paid interest on the arrears. He argued that if the company borrowed the money from the bank interest would be demanded, and as it had practically borrowed from the stockholders by holding back the payment, the interest should have been paid.—Hamilton Herald.

IF ADVERTISING WERE ELIMINATED

(Woman's Home Companion)

Can you imagine what existence would be like if all advertising were eliminated?

It would mean that the grocer would not have his name or his business printed over his door or on his window. The drug-stores would not display the globes of colored water. The minister would not announce the topic of his next sermon, nor the mid-week meetings, from the pulpit. There wouldn't even be sign posts at country cross roads, nor in the street corners in towns and cities.

If you would visit a strange community where there was no advertising whatever, you would realize how absolutely dependent you are upon advertising. If you wanted to go to a store, particularly the best store, no one could direct you, for that is advertising—word of mouth advertising, which is sometimes as important and as valuable as any other. Frankly, you would find it practically impossible to live without advertising, although you might manage to exist after a fashion.

A mere child could tangle us up in about a minute if his insatiable curiosity were directed to advertising. To his first question we would promptly and truthfully reply that a man advertises to make money. But for the next logical inquiry, "How does he make money by advertising?" the answer isn't so easy. Possibly the childish mind might be satisfied with the explanation that advertising increases the volume of business, which is true, of course, but is neither comprehensive nor final.

You may follow it through ever so many ramifications, and in the end you will find that advertising pays, for the simple reason that it renders a service to you and me, and to the man and woman next door.

The great agents of civilization are those which save time and increase the comfort and convenience of people. These are the things that make the railroad and the many applications for electricity—the telegraph, the telephone, light, power, so enormously valuable. Advertising belongs to the same category. There is no way of estimating its capacity for saving time, for increasing comfort.

FRUIT GROWERS' THREE DAYS CONVENTION

The Niagara Peninsula Fruit Growers' Association will hold a three-day convention commencing on Wednesday, Feb. 20, at Grimsby, next week. The first meeting will be held in Snetsinger's Hall on Wednesday, Feb. 20, and both morning and afternoon sessions will be held. In the evening a banquet will be held in the beautiful dining rooms of the Village Inn, at which Dr. C. C. Creelman of the O. A. C., Grimsby, and other convention speakers will be present.

The second meeting will be held in the Y. M. C. A. Hall, St. Catharines, on Thursday afternoon, Feb. 21, with a banquet at the Wolland House in the evening at which the Hon. J. S. Duff will be the principal speaker. The third meeting will also be held in St. Catharines on Feb. 22.

47th ANNIVERSARY

On Thursday night last, about thirty relatives and friends of Mr. and Mrs. Solomon Wismer called at their home on Elizabeth St. and gave them a pleasant surprise.

It was the forty-seventh anniversary of their wedding and their children and friends would not allow the date to go by without reminding them of the great span of life that they had passed through since their first marriage day, forty-seven years ago.

Mr. and Mrs. Wismer were greatly surprised indeed when they trooped into the house on them, and they were still more surprised when they were presented with a handsome plush couch.

The evening was spent in games and music and the reciting of tales of the long ago, after which an excellent supper was enjoyed by all.

The Independent joins with Mr. and Mrs. Wismer's many friends in wishing them many happy returns of the day.

LOSES BATTERY

According to the Hamilton papers the Ambitious City has secured the 33rd Battery.

This battery was promised to Grimsby and in fact was authorized for this burg, but apparently Hamilton has beat us to it.

The landing of this military organization would have meant the building of a drill hall here which would have been a great benefit to the town.

THE PRICE HE PAID

(By Ella Wheeler Wilcox)

I said I would have my fling,
And do what a young man may;
And I didn't believe a thing
That the parsons have to say.
I didn't believe in a God
That gives us blood like fire,
Then flings us into hell because
We answer the call of desire.

And I said: "Religion is rot,
And the laws of the world are nil;
For the bad man is he who is caught
And cannot foot his bill.
And there is no place called hell;
And heaven is only a truth.
When a man has his way with a maid,
In the fresh, keen hour of youth.

"And money can buy us grace
If it rings on the plate of the church;
And money can neatly erase
Each sign of a sinful snitch."
For I saw men everywhere,
Hotfooting the road of vice;
And women and preachers smiled on them
As long as they paid the price.

So I had my joy of life:
I went the pace of the town;
And then I took me a wife,
And started to settle down.
I had gold enough and to spare
For all of the simple joys
That belong to a house and a home
And a brood of girls and boys.

I married a girl with health
And virtue and spotless fame,
I gave in exchange my wealth
And a proud old family name.
And I gave her the love of a heart
Grown sated and sick of sin!
My deal with the devil was all cleaned up
And the last bill handed in.

She was going to bring me a child,
And when in labor she cried
With love and fear I was wild—
But now I wish she had died.
For the son she bore me was blind
And crippled and weak and sore;
And his mother was left a wreck.
It was so she settled my score.

I said I must have my fling,
And they knew the path I would go;
Yet no one told me a thing
Of what I needed to know.
Folks talk too much of a soul
From heavenly joys debarred—
And not enough of the babes unborn
By the sins of their fathers scarred.

DOMINION ALLIANCE CONVENTION

This year's convention of the Ontario Branch of the Dominion Alliance promises to be one of the largest and most interesting in the history of that great organization. The sessions of the Convention will be held in Massey Hall, Toronto, on Wednesday and Thursday, Feb. 26 and 27.

Single fare rates on all rail ways from all points in Eastern Canada will be in effect from Feb. 21 to Feb. 28 and good returning any time up to and including Monday, March 3.

Of the 825 municipalities in the Province of Ontario, 501 are now dry, or will be, as a result of the recent voting, and the movement throughout the Province has certainly gained much in strength during the past twelve months.

A feature of the convention will be the roll call of the counties on Wednesday afternoon, when the condition of affairs in each county will be briefly stated by the County President or other representative.

Thursday morning and afternoon will be given up entirely to business. This will be brought before the Convention by reports of committees and discussion thereof.

The convention will be closed by a social concert and public mass meeting on Thursday evening, Feb. 27. A social reception will be held and refreshments will be served from six to eight, during which the noted staff band of the Salvation Army will give a concert in the main auditorium of the hall. This will be followed by a public mass meeting which will be addressed by Rev. John McNeil, the recently inducted pastor of Cooke's Presbyterian church, Rev. Father L. Minahan and Mr. F. S. Spence, President of the Dominion Alliance. Solos will be rendered by Mr. H. Ruthven Macdonald, the noted baritone, and Douglas Stanbury, the boy singer.

In connection with the Convention, there will be an art loan exhibit of a very valuable series of paintings, entitled "The Drunkard's Children," by the noted English artist, George Cruikshank, also an exhibit of Scientific Diagrams and Charts.

The conclusions of this convention will be of the utmost importance to future temperance work in the Province of Ontario.

Gratitude—heartfelt gratitude—prompted this letter. Madame Langlois was so thankful to "Fruit-a-tives" for restoring her to health and strength, that she gladly allowed her letter to be published.

ST. ROMUALD, QUE., SEPT. 23rd, 1912.

"I have pleasure in stating that I have been cured of severe Dyspepsia and Chronic Constipation by using 'Fruit-a-tives.' I was a terrible sufferer from severe Constipation for many years, and I tried every remedy I heard of, and also was treated by physicians without any permanent benefit.

Then I tried 'Fruit-a-tives,' and this fruit medicine has completely cured both the Constipation and Indigestion. I cannot praise 'Fruit-a-tives' enough."

Miss Helen O. Parker, of Toronto, gave a short address and the meeting closed with the National Anthem.

Mrs. Frank Cline is at the time of writing, confined to her bed with pneumonia.

The South Wentworth County Association held one of the best Sunday School conventions here last Wednesday that has ever been. Miss Laney of Toronto, addressed the convention in the morning. Rev. Cannon Howett of Hamilton in the afternoon and Rev. C. O. Johnson of Hamilton in the evening. After the afternoon session, the ladies served supper in the school room to one hundred and thirty visitors.

The Ladies' Home Club met at the home of Miss Slingerland on Thursday evening and were entertained by music on the phonograph. Miss Slingerland served a dainty lunch to all present. The next meeting will be held at the home of Mrs. Gifford.

The Canadian Order of Foresters held an At Home in their hall on Friday evening, when a very enjoyable time was spent. Games were indulged in. Singing and music was given by Mesdames Albert Davey and Selby Corman. A. R. Millen acted as chairman and speeches were given by Chief Ranger A. Davey, High Chief Ranger F. Felker and others. The Valentine boxes caused a lot of amusement.

The church choir will hold a concert and tea on Monday evening, Feb. 24, in aid of the organ fund.

"RED" MORGAN IS LOOSE AGAIN

Despite the proverbial ill-luck which is supposed to accompany No. 13, a peculiar coincidence is reported in connection with the case of John Morgan, who about nine o'clock Thursday night fell to the bottom of a set of basement steps at the Vancouver hotel, Hamilton. There were 13 steps in the stairs, the accident happened at 13 minutes after 9 o'clock, at 13 Merrick St., on the 13th day of February, 1913.

POULTRY ASSOCIATIONS UNITE

A large and enthusiastic annual meeting of the Beamsville and Lincoln Poultry Association was held on Thursday night in Bennett's hall. Among the important matters dealt with was co-operation with the Clinton and Louth Agricultural Society in the erection and equipment of an up-to-date poultry building at the fair grounds, and a committee was appointed to confer with the agricultural society in reference to the matter. The officers elected for the ensuing year are: Jos. Grobb, honorary president; Geo. Slingerland, president; H. E. Vidal, vice-president; J. A. Sinclair, secretary; C. H. Prudhomme, treasurer. Directors, Jacob Lang, Alex. Groff, T. R. Gilmore, Geo. Oliver, Donald Stevens, Jr., Jacob Moyer, Samuel Culp, Vincent, Chas. Crooks, Aubrey Fleming, Elmer Groff, J. P. Osborne, Albert Claus, George Bolton, John Hicks, James Hay, For Smithville, M. B. Cosby, For Winona, H. B. Biggar, For Louth, Wm. Huntsberry, For St. Catharines, W. J. Elliott, For Vineland, J. E. Culp. The financial statement and auditors' report were deemed satisfactory, showing a small surplus on hand, assets to the value of \$190 and a balance on a note due the Bank of Hamilton of \$60. The association paid out in cash prizes, outside of specials, during the last show, \$192.

DEATH FROM BLOOD POISONING

The death occurred at the City Hospital, Hamilton, Friday night last of Daniel Heddon, a butcher belonging to Camden. About a week ago he was in the act of killing a hog when the animal plunged forward at him, driving the knife into his thigh. A doctor was called in and dressed the wound, but blood poisoning developed and was removed to the City Hospital here. His condition became worse and the doctors found that the early means of saving his life would be to amputate his leg, which they did. However, he was too weak to stand the shock and death relieved him Friday night.

A CAISTOR CASE

St. Catharines, Feb. 12.—An action brought before Judge Carman in the county court by J. H. Carscallen, executor of the estate of the late George Carter of Barton township, against David P. Orth, a dry goods merchant and farmer of Caistor township, Lincoln county, occupied the whole of the attention of the court yesterday. Gibson, O'Reilly & Levy of Hamilton represented the plaintiff, and J. C. Payne of Dunnville, appeared for the defendant. The action was taken to recover possession of 50 acres in Caistor township, which, it was alleged, the defendant refused to surrender. Damages to the extent of \$50 and costs of the action were asked. Orth, the defendant, contended that the late Geo. Carter had leased the land to him prior to the death of Mr. Carter. Argument was heard yesterday afternoon and judgment was reserved.

Sores From Elbow to Fingers.

Zam-Buk Worked a Miracle of Healing.

Reverend Gentleman Fully Corroborates.

Miss Kate L. Dolliver, of Caledonia, Queen's Co., N.S., says: "I must tell my testimony to the value of Zam-Buk. Ulcers and sores broke out on my arm, and although I tried to heal them by using various preparations, nothing seemed to do me any good. The sores spread until from fingers to elbow was one mass of ulceration."

"I had five different doctors, and faithfully carried out their instructions. I drank pint after pint of blood medicines, tried salve after salve, and lotion after lotion; but it was of no avail."

"My father then took me thirty miles to see a well-known doctor. He photographed the arm and hand. The photograph was sent to a New York hospital to the specialist; but the sent word they could do nothing further for me, and I was in despair."

"One day a friend asked me if I had tried Zam-Buk. I said I had not, but I got a box right away. That first box did me more good than all the medicine I had tried up to that time, so I continued the treatment. Every day I healed the sores more and more until I made a long story short. Zam-Buk healed all the sores completely. Every body in this place knows of my case, and that it is Zam-Buk alone which cured me."

Minister corroborates.—The Rev. W. B. M. Parker, of Caledonia, Miss Dolliver's minister, writes: "This is to certify that the testimonial of Miss Dolliver is correct as far as my knowledge goes. I have known her for a year and a half, and her cure effected by Zam-Buk is remarkable."

Wherever there is ulceration, blood poisoning, sores, cold-cracks, abscesses, cuts, burns, bruises, or any skin injury or disease, there Zam-Buk should be applied. It is also a sure cure for piles. All druggists and stores sell it at 50c. per box, or post free from Zam-Buk Co., Toronto, for price. Beware cheap and harmful imitations and substitutes.

CANADIAN APPLES HIGHLY COMMENDED IN NEW YORK

Waterdown, Ont., Feb. 8/15
Editor Fruit Grower and Farmer,
Dear Sir:—Enclosed is a copy of the pertinent portions of a personal letter addressed to the signer by the purchaser of a carload of Bethanbrook boxed apples we lately shipped to New York. As these apples were bought for the use of certain of the most fashionable restaurants on Broadway and sold on the understanding that the fruit should be unexceptionable in point of condition, quality and pack, you may imagine that we ourselves are more than pleased.

Yours faithfully,
Bethanbrook Orchards Limited.

New York City, Feb. 1/15.

I want to tell you how satisfactory the apples are and compliment you on being able to produce them and land them in New York in such good shape. I hope that next year you will be able to ship us more xxx. The price that we paid you for these apples is satisfactory to us, as it is just the rate that we would have paid for western apples at the time of buying yours and I hope this is satisfactory to you.

GOOD HEALTH

Vim and Vitality

Are assured if you will cleanse your stomach of undigested food and foul gases; the excess bile from the liver and the waste matter from the intestines and bowels by the use of

FIG PILLS

the great fruit, kidney, liver, stomach and bowel remedy.

At all dealers 25 and 50c boxes or mailed by The Fig Pill Co., St. Thomas, Ont.

Sold in Grimsby by The W. M. Stewart Drug Co. Limited.

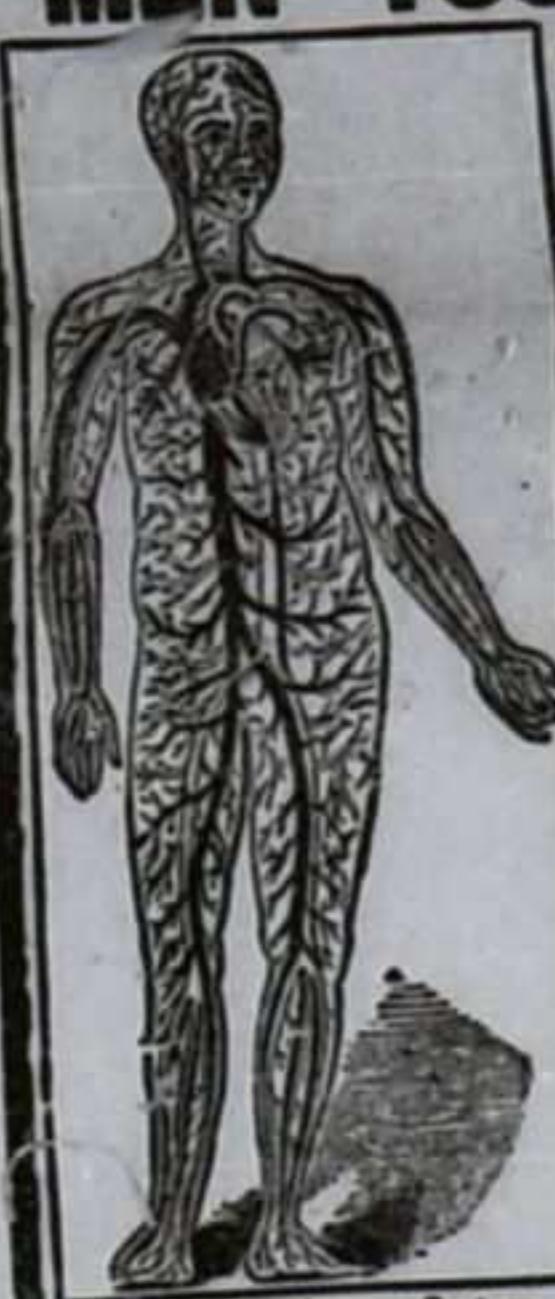

TARLETTOWN

Mr. S. Armstrong, who recently sold his farm here, has purchased a house and lot in east Hamilton and intends moving in the early spring.

The farmers here fear the intense cold weather will damage the wheat and clover crops for the next season, it being without any covering of snow through the very severe cold weather and steady winds.

MEN—YOU NEED NERVE

EARLY INDISCRETIONS AND EXCESSES HAVE UNDERMINED YOUR SYSTEM

The nerves control all actions of the body so that anything that debilitates them will weaken all organs of the system. Early indiscretions and excesses have ruined thousands of promising young men. Unnatural drains sap their vigor and vitality and they never develop to a proper condition of manhood. They remain weak, listless, mentally, physically and sexually. How you feel? Are you nervous and weak, despondent and gloomy, specks before the eyes with dark circles under them, weak back, kidneys irritable, palpitation of the heart, bad, debilitating dreams, sediment in urine, pimples on the face, eyes sunken, hollow cheeks, careworn expression, poor memory, lifeless, distrustful, lack energy and strength, tired mornings, restless nights, changeable moods, premature decay, bone pains, hair loss, etc.

This is the condition our New Method Treatment is GUARANTEED TO CURE

We have treated thousands of men for almost a lifetime and do not have to experiment. Consult us FREE OF CHARGE

Which kind of a culvert does your waggon cross?

DOES the road you use pass over rickety, dangerous wooden culverts, that are constantly in need of repairs and often washed away entirely? Or is it carried safely across the low places by modern, everlasting culverts? Build your

CULVERTS OF CONCRETE

which not only cannot be washed away, but actually grow stronger with age and use.

Every farmer owes it to himself to insist that the money he pays for road-taxes be spent to the best advantage. As a taxpayer, he is entitled to the best roads that can be made with that money. When culverts are washed out, and the road rendered impassable, he not only suffers inconvenience but may also be caused financial loss by inability to get necessary supplies in time for spring planting. And at best, with wooden culverts, part of the money that should be used to make better roads must be spent every year for repairs.

Insist upon Concrete Culverts

It will pay you and everybody else in your county.

CONCRETE
culverts are neat, safe, need no repairs, and are ever-lasting.

WOODEN culverts are unsightly, dangerous, expensive, short-lived.

MEETING TO SOLVE THE LABOR PROBLEM

A meeting which was fairly attended by fruit growers and farmers in the district was held in Sneltinger's Hall on Tuesday afternoon, for the purpose of discussing pro and con, the idea of sending a special immigration officer to England in order to secure first class labor for the farms in this district.

Mr. Kyle of Oakville, who has been an immigration officer to England for both governments for the past five years was present and explained the idea and the plans that would be followed in order to secure labor for this district from the farm district of the Old Land.

He claimed that laborers could be secured on a man's farm for a cost not exceeding \$10 per head, and that it was very cheap for the securing of good help, thought that the growers should avail themselves of the chance.

Mr. E. D. Smith, Ex. M. P., F. G. R. Patterson, James Marlowe, Wm. McNeil, J. W. Smith, F. C. Jones, W. Stewart, C. W. F. Carpenter, J. H. Patton and other gentlemen were along the same lines.

Vote of thanks was passed to Mr. H. H. Patterson for his work and interest in this matter and for calling the meeting.

It was moved and seconded that the resolutions be placed in the Hamilton Spectator, St. Catharines Standard, Grimsby Independent and the Weekly Fruit Grower and Farmer, calling the attention of the fruit growers and farmers to this chance and for them to communicate with Mr. Patterson.

know what securities would be affected, as all of them were pledged at the present time, but he did not receive the information he desired.

Sir J. Gibson stated that the company was in such a good financial standing at present that possibly no dividends would be declared on the preferred stocks. They were regarded as a bond, a good was their standing, and if a dividend was not declared it would not affect them. One of the shareholders, speaking of the matter, was of the same opinion.

The meeting carried unanimously a resolution for the setting aside of twenty per cent of the gross earnings to be applied to a special account to meet all expenses and any appreciation of the rolling stock on which may occur.

Jas. Dixon presided in the absence of J. R. Sutherland, president, who is in England. In submitting the report W. C. Haines referred to the prosperous year which the company had enjoyed, and stated that the prospects for 1913 were excellent. Mention was made of the passing of Hydro by-laws in Brantford and Welland, also of the proposal to extend the Brantford line to Galt.

Nothing definite was given or regarding the exact earnings of the street railway company or the suburban lines, but a shareholder stated that the system had enjoyed the best year since its inauguration. Under the head of assets and liabilities the properties' accounts showed a total of \$20,417,426.93; capital stock, \$3,673,100; limited preference, \$5,100,000; ordinary, \$2,922,500; dividends unpaid, \$127,552.65.

During the meeting all the old officers were re-elected and the following resolution passed regarding the death of John Patterson:

"Moved by Sir John M. Gibson and seconded by J. W. Sutherland, that the members of this board desire to place on record an expression of their sense of the great loss suffered by the City of Hamilton in the death of the late John Patterson and the special loss that will be felt by this company, including its various subsidiary companies, in hereafter being deprived of the advantage of his counsel, advice and co-operation. We have always recognized our late colleague as the original progenitor of what may briefly be termed the Rationalism and zeal in the early stages of these enterprises, coupled with his amiability and generous hearted disposition, went far to secure the necessary co-operation of others and the favorable consideration of the public. Mr. Patterson's mental ability was exceptional and his memory almost marvelous, enabling him to be of great service and value as a counsellor and adviser. He was always more solicitous for the city's interest than on his own behalf and no citizen can be said to have had more to do with Hamilton's change from a state of stagnation and unprogress to one of rapid growth and permanent prosperity."

"This board is gratified to observe that while he is resting from his labors, there is a general and prevailing disposition to recognize in some special manner the appreciation of his merits and public-spirited career by the community at large."

"This board further desires to convey the sincere sympathy of the directors individually as well as collectively to his widow and family."

"Moved by J. W. Sutherland and seconded by John Knox, that, while concurring in the sentiments expressed by the resolution of the board of directors regarding the loss sustained by the death of the late John Patterson, this meeting authorize the board of directors to join in any movement for a public testimonial in his memory, as referred to in the said resolution."

THE "66" TOURNAMENT

The members of the Grimsby Club are all worked up over the "66" pool tournament which is now being run off in the club rooms.

Over seventy-five of the members were entered in the first round, but they have now dwindled down to about twenty and the farther it goes the higher the excitement is getting.

The committee have also started a consolation tournament, and it is now being played.

SMITH-BIERD

The marriage took place very quietly on Friday night, Feb. 14, at the manse of St. John's Presbyterian church, Hamilton, of Jennie Blanche, older daughter of Mr. and Mrs. Chas. R. Bierd of Grimsby, to John Malcolm, fourth son of Mr. and Mrs. Jas. Smith, Stoney Creek, formerly of Grimsby.

The nuptial knot was tied by the Rev. Mr. McGilvery, and the ceremony was witnessed only by the bride's sister and a few friends.

The happy young couple are well and favorably known in this district and their many friends will join with the Independent in wishing them long life, happiness and prosperity.

Grimsby 4 points up.

After the game the curlers repaired to the beautiful dining room of the Village Inn where a light banquet was served by Miss Host Bancroft and his excellent staff.

After partaking of the good supply of viands, Mr. A. H. Phipps proposed the health of the King and the President, which was responded to by the singing of God Save the King and drinking the health of the President.

Mr. Phipps then called upon Mr. Robert Dewar to propose the toast to the Detroit Curling Club, which he did in a few well chosen words and was responded to by Messrs Bucknell, Capt. Stephenson, (the victorious skip), Dr. Robbins, Dr. Tibbets, Mr. West and Mr. Shields.

"The Press" was responded to by Sir J. Orton Livingston of the Independent.

Speeches were made by M. B. Smith, Reeve of North Grimsby, J. H. Alway, councillor of North Grimsby, C. W. F. Carpenter, J. G. Moffatt, Robert Dewar, Major W. F. Gibson.

The party broke up in the wee sma' hours with the singing of Auld Lang Syne, under the leadership of that Bonnie Highland Laddie "Bobbie" Dewar.

The Detroit boys were well pleased with the evening's entertainment given them by the Grimsby curlers, and expressed the wish that the curlers from the great fair city would visit them in the Michigan city at some early date.

PAYS 13 PER CENT BACK DIVIDENDS

(Continued from page 1)

Sure thing, the company should pay the stockholders interest on the back dividends. If they have not the money to do so, they might be able to borrow some from the fruit growers around Grimsby, who are so well served by one of the company's lines, namely the H. G. & B.

The company can pay up thirteen per cent back dividends, but they don't seem to be able to give the people in this district clean, warm comfortable cars to ride in.

We are glad to note the improvements that have been made on this road in the past month, but they are only minor ones.

The cars have all been painted and cleaned up, but we notice that they still rattle and chatter over the line like an ox-cart rumbling over the cobble stones of ancient Rome.

If a stranger ever heard an H. G. & B. car coming down the line he would run for shelter, for he would certainly think that a thunder storm was coming up, on account of the noise one of these antiquated carryalls make.

We also hear complaints every day about the cars being cold and one gentleman made the remark that he did not see why Captain Scott went to the South Pole to freeze to death, because he could have been frozen right here in civilization by riding from Hamilton to Beamsville on an H. G. & B. car.

The cars are keeping pretty good time, but the time is growing shorter every day, till they will be running off time, on time, and in fact any old way at all and that will be just as soon as the poverty-stricken, down-trodden stock holders of the D. P. & T. (who control the H. G. & B.) are growing like a lot of dogs over a bone because the company has not paid them interest on their back dividends.

They never stop to consider that the people of this district, who are putting up a big chunk of the cash, that is paying their regular dividends and paying up their back dividends of six and seven per cent, are getting a rotten service, are riding on dirty cars, are freezing to death every time they ride on them, and in fact most of the people in this district are paying premiums on accident policies that they have doubled up because they have to take such long chances in riding on them.

Those freshly painted cars look fine, remarked a bystander on Main St. the other day, but paint won't keep people from freezing to death.

CAISTORVILLE

A few from here attended the Sunday school convention at Dunnville on Wednesday last. Miss Laura Shields, who went as delegate, returned for a week's visit with friends.

There was a small attendance at the Ladies' Aid on Wednesday. Dr. and Mrs. McLean left on Tuesday for London, where they will visit the doctor's parents. They expect to take up permanent residence at Windsor.

On Tuesday evening, Thos. and Mrs. Butler gave an oyster supper for those who assisted them in drawing sand, etc.

Rev. Mr. Stephenson went to Toronto on Monday.

Peter Bellenger of Moulton, intends moving to Caistorville soon, having purchased Mrs. Jas. Overland's house and lot.

John and Mrs. Warner and son of Abington, visited at Perry Parke's on Sunday.

The annual oyster supper will be held in the basement of the church on Tuesday evening, March 4. All arrangements for program have not yet been completed, but it will be up to the usual high standard.

Enormous Profits of Express Companies

We have repeatedly stated in these columns, that the Express Companies were an unnecessary burden upon the people of Canada. After looking over the profits of the Express Companies during the past year, we have no hesitation in reiterating that statement.

Some people may wonder why we make this statement, "that the express companies are a burden upon the people." The reason is this: the Express companies are separate organizations, carrying on a business, that should be carried on by the Railroad company, as part of their business, or by the Government, as part of the post office business.

At the present time, the Railway Company says to the farmer, fruit grower, or to the business man, "If you want to ship a large parcel, weighing a ton or half a ton, and you are not in a hurry for it to reach its destination, give it to us, and we will carry it for you, by freight at a reasonable rate, but if you have a small parcel, weighing a pound, six pounds, or twenty pounds, and you want it to reach its destination quickly, give it to the Express Company, and they will carry it on our railway cars, and do it quickly, and charge you an exorbitant price for it."

In plain words, the Railway Company says to the business man, "We will carry your slow freight at a fairly reasonable rate, and we will carry your fast freight at a highly exorbitant rate."

If the Railway Companies and the Express Companies, were separate corporations, it might not be so bad, but in Canada, the Grand Trunk Railway, and the Canadian Express Company are practically one and the same corporation. The Canadian Pacific Railway and the Dominion Express Company are practically one and the same thing and the Canadian Northern Railway Company and the C.N.O. Express Company, are one and the same thing.

This being the case, there is no competition between the Railway Company and its Godchild, the Express Company, and through an agreement between the Express Companies, there is no competition between the Companies, and not only is this the case, but there is an agreement between them to charge the people double rates, whenever a parcel has to pass through the hands of two companies, to reach its destination. That is, if the Canadian Express Company will carry a parcel one hundred miles for 25c when it is carried all the distance in its own car, the Canadian Express will charge 50 cents to carry the same parcel one hundred miles, when it has to pass through the hands of both companies, to reach its destination.

This, of course, does not happen in a great many cases, but when it does happen, it is just a little case of Highway Robbery, by agreement. For instance, it is eight miles from Grimsby to Smithville, to send a parcel of five pounds from Grimsby to Smithville costs 50 cents, when it goes by the Canadian Express to Hamilton, and by the American Express back to Smithville a total distance of 40 miles.

It is the same distance from Smithville to Ottawa, but it is from Grimsby to Ottawa, but farmers at Smithville, have to pay double the rate to ship a package of farm produce, that the farmers who ship at Grimsby have to pay, because the Smithville farm produce has to travel for twenty miles over the American Express Company's lines, and the balance of the way over the Dominion Express Company's lines, while produce from Grimsby travels all the way over the lines of the Canadian Express Company or the Dominion Express Company. Thus it can be easily seen how the farmers living in the vicinity of Smithville, have been handicapped, and discouraged from raising fruit or vegetables, that have to be shipped to outside points.

Not only are farmers and fruit growers, along the lines of the American Express Company, handicapped and discouraged, but the business men along this line receiving goods and shipping goods to other points in Canada, are handicapped with the double express rate. It is morally illegal and certainly unfair and unjust, and should have the immediate attention of our legislators.

It is commonly known that the English stock holders, in the Grand Trunk Railway, did not receive a dividend on their investments for many years and it is a fact that stock holders in many Railway Companies in America, do not receive dividends on their investments in

Railway companies, now. Not so with the stockholders in the Express companies, the average profit for the three Canadian companies last year was as follows: The Canadian Express Company, 16 1/2 per cent., the Dominion Express Company, 31 1/2 per cent., and the Canadian Northern Company, 19 per cent.

Nothing could give our readers a better idea of the enormous profits of the Express companies, than to copy the despatch sent out from Ottawa, on this subject, a day or two ago. It is well worth perusal, and every farmer, fruit grower and business man should read it. It is as follows:

Ottawa, Feb. 12.—Facts in relation to express companies operating in Canada, their large earnings and handsome profits are set forth in a report tabled this afternoon by Hon. Mr. Cochrane. So far as the Canadian companies are concerned the actual net revenue after deducting taxes was as follows:—

Canadian Express	\$283,281
Dominion Express	645,288
Canadian Northern	192,496

Measuring this against capital liability, the percentage of net revenue was:—Canadian, 16 1/2; Dominion, 31 1/2; Canadian Northern, 19 1/2.

The average is, thus around 22 per cent. The gross receipts from operation were \$10,994,418.10, less express privileges of \$4,892,242.49, making the operating revenue \$6,102,175.61. The operating expenses were \$4,889,120, making the total net revenue \$1,222,055.

The operating mileage of express companies is returned at 30,445, as against 27,586 in 1911.

It was explained in connection with the report of last year that it had been found impracticable to make an accurate separation of the business done by American express companies operating in Canada from their aggregate business. The situation in that regard remains unchanged, and there is little hope of a better adjustment than was made for the purposes of the report of 1911. That adjustment was based upon an arbitrary assignment of revenue and operating expenses in accordance with the proportion which the operating mileage in Canada bore to the total operating mileage in both Canada and the United States.

The volume of business in financial paper, such as money orders, cheques, etc., was \$56,995,122, an increase of over \$4,000,000 compared with last year. Salaries paid aggregated \$2,474,287 and taxes \$57,488.

HOW TO KEEP OUR BOYS AND GIRLS ON THE FARM

By Jas. Marlow, Grimsby Beach, Address Given at the Stoney Creek Farmers' Institute Meeting (Pres. Lance)

I am a strong believer in Women's Institutes, and I also think that women have all the "rights" they want now.

The problem of why our boys and girls are leaving the farm for the city is a very serious one.

The last census shows that the population of nearly every rural district has decreased.

Why does a boy want to leave this beautiful part of the country? Several of the audience here interposed by saying "They don't." At which Mr. Swinn expressed his pleasure that there was at least one part of the country where they were willing to stay at home.

"Do we farmers give our boys and girls a fair show?" Farmers will give a boy a calf, but when the calf becomes a cow, the farmer sells it and the boy receives nothing. This sort of thing does not tend to interest them in the farm.

The farmers of Ontario are up against a serious problem for which they can't afford to lose our boys.

Today a farm can be made interesting, for it takes more brains to run a farm than a lawyer's office. We can't afford to let our boys go, and have to hire foreign help.

Let the boy get interested in something on the farm and then let him keep it. Let him get interested in fruit or let him clothe himself and be a partner with you.

One of the greatest features in building up the great country to South of us has been, that every child was taught to speak up for his country.

The day is past when we were ashamed of Canada, and we have built up our country, so that the eyes of the world are turned to Canada, but we must solve the problem

blem of taking care of the foreign element.

During the coming season it is going to be harder for the farmer to get help than ever before, and we will have to shorten our hours and increase our wages.

My own boy is worth more to me than any man I can hire, why not shorten his hours and give him some money rather than give it to a hired stranger?

We can do things too, sell sometimes, but not along the lines of taking care of our boys and girls.

There are cases of boys who have worked for their fathers up to the time when they were 25 years of age and then have been turned out with \$50 to make their own way in life.

The men today who are running the great industries of this country are country boys.

We must not be too niggardly. Home should be a place where the boys and girls love to stay, instead of running the streets.

I shall always have pleasant memories of my visit to Stoney Creek, and I am sure that it will be an inspiration to me in my Institute work."

MATURE YOUR CROPS EARLY

HOW?

The market gardener gets the top price of the market for early produce and the general farmer saves many dollars from early frosts by using a soluble, high grade complete fertilizer, like one of our Stockbridge Manures. There is no mystery about it. A crop, like a calf, will grow quicker and healthier on a full ration, but the ration must be right.

The Stockbridge Manures offer this sort of ration for crops. The Stockbridge Manures were formulated by the late Professor Stockbridge of the Massachusetts Agricultural College and were introduced forty years ago. They have been improved and kept up-to-date. The Stockbridge and all the other Bowker brands are soluble, active, sure. They are made from the best materials by special factory methods. Prompt service and moderate prices go with them. We want agents in unoccupied territory. Write today for prices and terms; this may mean a good business for you if you act at once. Write anyway for our illustrated catalogue and calendar. We want you to know what we can do before you buy your spring fertilizer.

GRASSIES TEA MEETING

The annual anniversary services of St. John's Presbyterian church, Grassies, was held on Sunday last and were largely attended.

The Rev. Mr. Davies conducted services at 2.30 and 7.30 p.m. to large congregations. Special music was rendered by the choir.

On Monday evening an old-fashioned tea meeting was held in the church by the ladies and it was a great success in every way.

After a hearty repast the large crowd assembled in the church and a program consisting of recitations, songs, duets and instrumental music was rendered by Miss Alta Young and local talent.

A PLEA FOR STRONGER BASKETS

Winona, Ont., Feb. 10th, 1913

Editor Fruit Grower & Farmer,

Grimsby, Ont.

Dear Sir:

I am enclosing a copy of a letter received from Mr. W. Walsh, of the Dominion Express Co. relative to the class of fruit baskets used last season.

I am quite sure that any disinterested person would have to agree with Mr. Walsh's remarks on this subject, and while the fault of so many baskets going to pieces is not all to be laid at the door of the manufacturer, yet a great deal of the trouble arises from the basket being very poorly made, and the bottoms not being securely fastened.

The basket men will possibly tell us that it was such a rush season; growers, fearful that the frost had wiped out their crop were not anxious to lay in a stock of baskets and the result was that they were unable to keep pace when the fruit was ready to be picked, and this was no doubt responsible for a lot of poorly made baskets, nor should they expect the basket manufacturer to be able to make a large stock of baskets at a very short notice.

The remedy would appear to be in the grower's hands by placing their orders early and accepting nothing from the factory that is not properly made.

Yours truly,

E. D. SMITH

Copy

Mr. E. D. Smith, Winona, Ont.

Dear Sir:

I desire to draw your attention to the flimsy baskets used for shipping fruit last season, which resulted in our being confronted with more claims than in any previous season. I have witnessed the handling of fruit at transfer points on several occasions, and noticed that baskets in the ordinary course of handling would break and the contents scatter over the platform; the handles of the baskets would not stand the weight of the fruit.

This, as you are aware, results in loss and dissatisfaction, and I thought possibly by bringing it to your attention you would place the matter before the Fruit Growers' Association at some of their meetings and suggest that stronger baskets be used. The complaint is general, and anything you can do to improve conditions

WOMAN'S MOST SUCCESSFUL MEDICINE

Known All Over The World—Known Only For The Good It Has Done.

We know of no other medicine which has been so successful in relieving the suffering of women, or received so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In nearly every community you will find women who have been restored to health by this famous medicine. Almost every woman you meet knows of the great good it has been doing among suffering women for the past 30 years.

Fox Creek, N. B.—"I have always had pains in the abdomen and a weakness there and often after meals a soreness in my stomach. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better and I can work with ambition. I have encouraged many mothers of families to take it as it is the best remedy in the world. You can publish this in the papers."—Mrs. WILLIAM S. BOURQUE, Fox Creek, N. B.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, many of whom state that it has saved them from surgical operations.

FACTS and FANCIES

By FRANK FAIRBORN

Oh! I wish I was in Mexico.

For the man who wants to be amused and excited, and is willing to take a little risk, Mexico is the only place on earth just now.

The history of Mexico for the past year, has been a chequered and eventful one.

A year or two ago, General Madero, headed by a band of revolutionists, succeeded in driving President Diaz from the throne of Mexico.

President Diaz had reigned supreme in Mexico for many years. By many, he had been regarded upon as most successful, as success goes in Mexico, but apparently the day came when he had lost his grip, or else the Mexicans wanted a little fighting, just for the sake of excitement, and Madero jumped in and Diaz jumped out.

During the past year, everything seemed to be going quietly, until two or three months ago, when Felix Diaz, a relative of the late president, jumps into the line, leading a band of revolutionists, and trying to re-establish the House of Diaz in power in Mexico.

His success was short lived, when in a few days, his army was defeated, and he and his principal officers were cast into prison.

At the time, it was stated that Madero intended to have the young man shot, but he made the mistake of sparing the young man's life and now he is in prison himself.

Had Madero followed out his first impulse, and shot Felix Diaz, the present turmoil, hundreds of lives and thousands of dollars worth of property would have been saved.

Although Felix Diaz was imprisoned, he was not idle and his schemes for revolution while in the prison spread amongst his friends outside the prison and presto! change! the first thing President Madero knew he was fleeing for his life, his army was in revolt and Felix Diaz liberated from prison, was at the head of the revolutionary army.

After a week's hard fighting between the federal forces, headed by Madero, and the revolutionary forces, headed by Felix Diaz, Madero was arrested by one of his own generals and the revolution was at an end.

In the meantime, Diaz has been appointed Commander in Chief of the army and General Huerta has been appointed Provisional President, until an election can be held.

By the time that the elections are over, a few more men will have been killed, a few more houses will have been burned down, and a few more railways torn up.—Mexico for mine! We'll live you have lots of excitement, and when you're dead, you're good and dead.

The Ottawa correspondent of the Toronto Globe, and the Legislative reporter for the same paper, continue to keep me in a state of nervous prostration.

I no sooner get over a fright caused by a blood curdling despatch from Ottawa, than I fall into a state of semi-unconsciousness by the report of the terrible things that are happening in the local Legislature.

One day the Ottawa correspondent half scares me to death, by the announcement that the Borden Government is going to be held, and that a new election will be held in a few weeks, next day I am almost prostrated by the description of the way that N. W. Rowell mopped the floor with Sir James Whitney, J. B. Lucas and all the rest of the small fry Tories around the Parliament Buildings, in Toronto.

One day the cold shivers are running down my back, by the unearthing of some deadly, desperate, unholy, nefarious action of the Honorable Robert Rodgers, as he was buying up the Electorate, either in Nova Scotia, Manitoba or Saskatchewan, on the day following my nerves are shattered by the way that Premier Whitney was forced to bob and duck and side-step, and twist and turn and prevaricate, in order to get out of reading the telegram from Elk Lake, that was never sent, and that was never going to be sent or the "letter that never came."

If these two newspaper reporters do not moderate their denunciation, devastation, deterioration and disillusionment of Borden and Whitney, I will make for Mexico or Bulgaria, where things are nice and quiet.

TWINS GALORE

Mr. Noah McCready of Smithville, Ont., is indeed a fortunate man, for he possesses a mare of unusual ability and worth. On May 22, 1912, she foaled twin colts and for months after the surrounding neighborhood was attracted to his place.

The event is a rare occurrence and worthy of mention. Recently the owner refused a cash offer of \$225 for the pair. They are chestnut hackney sorrels and will be worth far more when they are fully developed. The mare was raised from a colt on Mr. McCready's farm and is now 21 years old. She works hard every day and more than earns a living for herself and little ones, of whom she is extremely proud. She has had two other colts which brought good prices some years ago.

Mr. McCready had another little surprising stroke of good luck on Saturday morning last, when his live stock was again increased by the arrival of two healthy calves. All roads again are leading to his barns.

FIRE AT GRASSIES

On Wednesday morning last about half past three, Mr. Harley Merritt Grassies, heard something fall on the roof and upon investigation, he found that the whole upstairs of his house was on fire and he had been awakened by bricks from the chimney falling.

He roused the rest of the family and got them outside to safety, but was unable to save any of his household goods.

Willing neighbors were soon on hand but were powerless to check the ravages of the fire.

Everything was burned to a cinder. Mr. Merritt only carried \$200 insurance and the neighbors got up subscription list and raised \$450 for him, which will help considerably in the erection of a new home.

ST. VALENTINE DANCE

The Minaret Club, of Grimsby, held one of the nicest and prettiest little hops on Friday night last at Snetsinger's Hall, as one could witness.

The dance took the nature of St. Valentine's dance, and the hall was very prettily decorated with blue and little red hearts and the programmes were printed on red hearts.

An new innovation was introduced in the barn dance when the lights were all turned off and the hall illuminated by an electric fireplaces kindly loaned to the ladies by the Radiant Electric Co.

The dance was, beyond a doubt, the nicest of the whole evening, as it reminded one so much of the good old days when fireplaces were the main heating apparatus of a home.

Delightful music was rendered by Dowlings' orchestra (Mrs. Tree) and the large crowd present thoroughly enjoyed themselves, tripping the light fantastic till the wee small hours of the morning.

THE LEVEL AND THE SQUARE

"We meet upon the Level and we part upon the Square."

What words sublimely beautiful these words Masonic are!

They fall like strains of melody upon the listening ears.

As they sounded hallelujahs to the world three thousand years.

We meet upon the Level, though from every station brought.

The monarch from his palace, the laborer from his cot.

For the king must drop his dignity when knocking at our door.

And the poorest is his equal as he circles round the floor.

We act upon the Plumb, 'tis our master's great command:

We walk upright in virtue's way, we lean to neither hand:

The All Seeing Eye that reads our hearts, will bear us witness true

That we still try to honor God, and give each man his due.

We part upon the Square, for the world must have its due:

We mingle in the ranks of men, but keep our secrets true;

And the influence of our gatherings in memory is green,

And we long upon the Level to renew the happy dream.

There's a world where all are equal, we are hurrying towards it fast,

We shall meet upon the Level there, when the gates of Death are passed.

But right before the Orient, and our Master will be there.

Our works to try, our lives to prove, with God's unerring Square.

When we meet upon the Level there, we never will depart:

There's a mansion bright and glorious, set for the pure in heart;

There's a multitude is there, Who in this world of sloth and sin did part upon the Square.

Let us meet upon the Level, then, while laboring patient here,

Let us meet and let us labor, though the labor be severe;

Already in the western sky the signs bid us prepare

To gather up our working tools and part upon the Square.

Hands round then, brother Masons, gather in the golden chain;

We part upon the Square below, to meet in Heaven again;

Each tie that has been broken here, shall be cemented there,

And none be lost around God's throne who parted on the Square.

Fertilization.

We believe that the use of commercial fertilizers is in its infancy and that they should be used with discretion. If our agent has not yet called upon you it would be well to wait until he does as his instructions are to carefully consider the condition of the soil in each case before making a suggestion as to the fertilizer that will give best results. Should the conditions be such as he is not familiar with he will refer the matter to us and it will at once receive our careful consideration. We not only want your trade this year, but want to keep you as a customer by having you get good returns from the use of our fertilizers. Our booklet "Farm Dances Wry" will help you in the meantime.
